About this collection

The legislation in this collection has been reproduced as it was originally printed in the Government Gazette, with improved formatting and with minor typographical errors corrected. All amendments have been applied directly to the text and annotated. A scan of the original gazette of each piece of legislation (including amendments) is available for reference.

This is a free download from the Laws.Africa Legislation Commons, a collection of African legislation that is digitised by Laws.Africa and made available for free.

Standardization of Soap Act

Chapter 52:01

Commenced on 29 November 1957

[This is the version of this document at 31 December 2014.]

[Note: This version of the Act was revised and consolidated in the Fifth Revised Edition of the Laws of Malawi (L.R.O. 1/2018), by the Solicitor General and Secretary for Justice under the authority of the Revision of the Laws Act.]

An Act to Control the Manufacture of Soap and for Matters Incidental Thereto

1. Short title

This Act may be cited as the Standardization of Soap Act.

2. Interpretation

In this Act, unless the context otherwise requires, “soap” means the product which results from the process of the saponification of fats and oils—

- (a) with sodium hydroxide or potassium hydroxide;
- (b) by the neutralization of fatty acids with sodium hydroxide or potassium hydroxide or their carbonates or bicarbonates; or
- (c) by neutralization of fatty acids with ammonia or triethanolamine.

3. Provisions relating to soap

- (1) Soap in the form of bars, tablets, flakes or chips for household, laundry or toilet purposes shall contain not less than forty-five per cent of fatty acids, of which not more than one-third may be replaced by resin acids, shall not contain more than one-quarter of one per cent of free caustic alkali (calculated for this purpose as sodium hydroxide), and shall be free from any harmful ingredients.
- (2) Liquid soap shall contain not less than fifteen per cent of fatty acids, of which not more than one-quarter may be replaced by resin acids, shall contain not more than one-twentieth of one *per centum* of free caustic alkali (calculated for this purpose as sodium hydroxide), and shall be free from any harmful ingredients.
- (3) Soft soap shall contain not less than thirty-five per cent of fatty acids, of which not more than one-third may be replaced by resin acids, and shall contain not more than three-quarters of one per cent of free caustic alkali (calculated for this purpose as sodium hydroxide).

4. Restrictions on manufacture

- (1) Except with the permission of the Minister, no person shall manufacture for sale any soap the composition of which, at the time when the soap is packed, does not comply with [section 3](#) (1), (2) or (3) as the case may be.
- (2) Any person who manufactures soap in contravention of subsection (1) shall be guilty of an offence.

5. Inspection

- (1) Any person generally or specially authorized thereto by the Minister may at any time enter upon premises where soap is manufactured and take samples of soap for examination or analysis.

- (2) Any person who owns, occupies or is in control of any premises where soap is manufactured and every person employed by him on such premises shall, at all times, permit any person authorized in terms of subsection (1) to enter such premises in the course of his duties and to exercise the powers conferred by that subsection.
- (3) Any person who fails to comply with subsection (2) shall be guilty of an offence.

6. Offences and penalties

- (1) Any person who is guilty of an offence under this Act shall be liable—
 - (a) for a first offence, to a fine of K200 or, in default of payment, to imprisonment for six months;
 - (b) for a second or subsequent offence, to a fine of K400 or to imprisonment for twelve months.
- (2) Where any person is convicted of an offence under [section 4](#), the court may order that any soap which is the subject matter of such offence shall be forfeited and any soap so forfeited may thereafter be disposed of as the Minister may direct.
